- CORS, CSP, OWASP10, Rate limiting, Secure headers, Input sanitization ( **Security** )

## EXTRA SKILLS

Handwriting versatility

Effective Internet Research

Easy New Tech Adaptation

Precise Communication

Octane Multi-tasking

Counterfactual thinking

Modal reasoning

Optimization in Everything

## PROJECTS

### Modern Full-Stack Projects

- Blog CMS using Next.js 14, Tailwind CSS.
- Simple Utility App using React 18, TypeScript, Vite, and Tailwind CSS.
- Expense Tracker using Next.js, Tailwind CSS.
- Ecommerce Application using MERN stack & Next.js.

### Cyber Security Projects

- Captchas & Bots.
- File Upload API Validator.
- CryptoLab App with Modern web stack & Cyprographic libraries.
- Metadata Analyzer.

### Gen AI Projects

- Personal Offline Report Maker using Python & LLM.
- SNOW Chatbot app using Langchain (Business Use case Model).
- IAM Integration with Gen AI Chat Assistant using LangChain.
- Voice to Notes AI Summarizer.

## ACHIEVEMENTS & CERTIFICATES

Competent fast typer with Average of 68 WPM & 98% Accuracy (2025)

*Trained & Certified by Ratatype for above average typing speed.*

Received Bronze, Coral, Amber Award for Project performance (2024)

*For Supporting Agent, tools integration with IAM Solution & Prompt Engineering the Gen AI Chatbot; Training Cohorts & POCs testing.*

Best Cohort (2023)

*Titled as the 'Best Cohort' in my batch during the Internship Training where I outperformed the batch in terms of training & final evaluation.*

Certificates & Licenses (Available on LinkedIn)
